

## Ellipse With Fruit

Step 1: Draw line and then draw a large ellipse in the middle of the page with a small ellipse below.

step 2: add the sides and turn your drawing into a bowl... Erase the line and the top part of bottom small ellipse...

Step 3: Draw Fruit in bowl, beginning at the front edge and moving back... This creates the illusion of overlapping fruit in bowl.

Draw a table line.

Go over with  
sharpie, erase  
pencil lines & color

Step 3: Draw Fruit in bowl, beginning at the front edge and moving back... This creates the illusion of overlapping fruit in bowl.

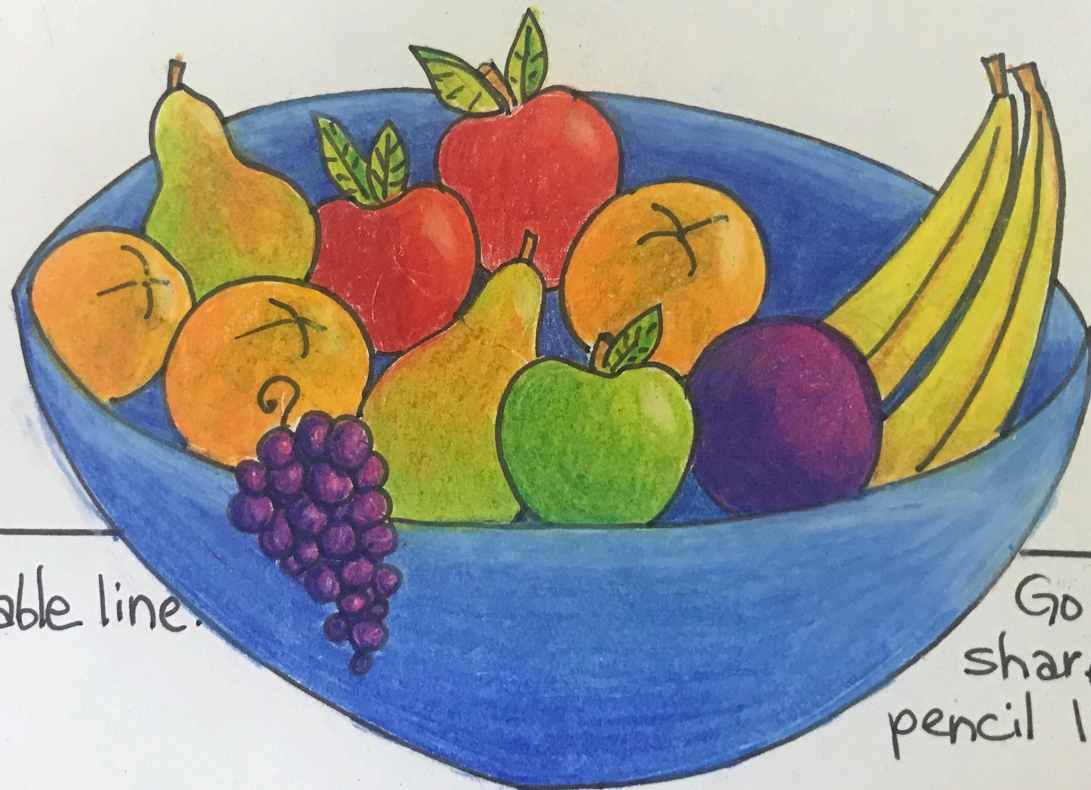

Draw a table line.
