

## **K/2 Engineering Making Sand Dough to create Petroglyphs**

### Materials:

- ½ cup flour
- ¼ cup salt
- 1 tsp cream of tartar
- 1 TBLS Vegetable Oil
- ½ cup water
- 1 cup sand

### Instructions:

1. Combine dry ingredients in a large pot and stir until well mixed
2. Stir in water and oil until combined
3. Cook over medium heat, stirring frequently. Until mixture becomes dough
4. Cool
5. Create Petroglyphs in your sand Dough
