

Knitting and Handwork 1-3 Lesson 2

Sewn Drawings on Paper

1) Make a simple drawing on paper. These are the lines that will serve as guidelines for the needle.

2. Depending on the level of the sewer different accommodations can be made. For inexperienced sewers large paper, yarn and big needles can be used. For more skilled sewers, smaller paper, needles and thread. Also, some sewers may need holes punched with a nail for extra guidelines.
